

Dear Sir or Madam:

First, let me thank you for considering the needs of our youth organization.

Fremont Baseball, Inc. (FBI) is a non-profit organization, Tax I.D. # 27-0061796, that is dependant upon contributions from our local business community.

This past season, FBI has celebrated its 50th year of existence in Fremont! We provide a youth baseball program to over 400 kids which spans across the Tri-Cities area. Many of these kids are considered to be hi-risk in today's society, so we have taken on the task of providing them with a safe environment to play, learn and develop as responsible youths.

As a current board member, it is my responsibility to look at the needs of our organization and to look at new and creative ways in which to address those needs. One of the ways is to establish new relationships with companies such as yours that can assist us in meeting our facility improvement goals and supporting the youth in our community.

We are hopeful that _____ could donate the following items:

With your support we look forward to a better future for the youth in our organization and another fifty years of existence.

Thank you in advance for your consideration.

Very truly yours,

FREMONT BASEBALL, INC.
